

# UW Medicine

## ANESTHESIOLOGY & PAIN MEDICINE

### 35TH ANNUAL GUNN-LOKE LECTURE

## A Glimpse Into the Science of Placebo-Induced Healing

**Luana Colloca, MD, PhD, MS**

MPower Distinguished Professor,  
University of Maryland, Baltimore  
Director, Placebo beyond Opinions (BPO) Center,  
University of Maryland School of Nursing, Baltimore

**Tuesday, November 8**

**5:30pm–6:30pm**

**Foege S060, Genome Sci. Auditorium**

Also on Zoom: <https://washington.zoom.us/j/93213976139>

Meeting ID: 932 1397 6139

#### Learning Objectives:

Upon completion of this presentation, attendees will:

- Learn about the power of mind and how placebo effects can result in improved clinical outcomes in patients' symptoms.
- Gain knowledge about the inner pharmacy and the cascade of neurobiological events in the brain that facilitate placebo-induced pain reduction.
- Become familiar with policies and ethical aspects related to use of placebo in clinical practices.

**Financial Disclosure(s):** Dr. Colloca has no financial relationships to disclose.

The University of Washington School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Washington School of Medicine designates this live activity for a maximum of 75 AMA PRA Category 1 Credits.
