Courses
are available through the University of British

Columbia.

2019-2020 Schedule

For international courses, contact iSTOP

ubcgunnims.com

BC Alert: Moratorium is in affect for BC based practitioners of dry needling.

Check your status on the CPTBC Dry Needling Roster.

- Dry Roster Needling
  (will show in "Additional Skills" field)
- if "Additional Skills" **field is empty** this means you are not on the roster,
  therefore **you may not use dry needles in practice in British Columbia.**

Certificate Reprints as issued through iSTOP are available upon request.
Order reprint
