Continuing Professional Development

If you have more than one Gunn IMS practitioner at your clinic, we would like to tag your listing with "CGIMS Team" in the member directory. Refer a fellow practitioner to take the course. To congratulate new grads, they are entitled to a first year free iSTOP membership.

iSTOP Membership 2016

January 1 has been the traditional date for membership renewals for iSTOP legacy members. We are now toggling renewal dates with the anniversary of course completion date as shown on your

CGIMS certificate. If you would like your renewal date adjusted to coincide, please let us know. Your renewal reminder with then also serve as a **"Happy CGIMS Anniversary!"**
